Reiki

Your Reiki treatment will leave you feeling deeply relaxed and comforted. You will experience this treatment fully clothed as the Reiki practitioner places her hands on various areas, transmitting energy to relieve your body of physical, spiritual, and emotional blocks. Reiki is an ancient form of healing with the hands. This non-intrusive form of therapeutic touch promotes healing not only of the body, but the mind, emotions, and spirit as well. The Reiki energy very gently goes to the areas in your body where the natural flow is blocked. Reiki is beneficial for all conditions from depression to headaches, from chronic illnesses to cancer. Reiki provides balance and assists the natural healing process of your body.
