

## Welcome to White Point!

We are delighted that you're here and would like to thank you for having chosen to spend time with us here at the beach!

Our hope is that you enjoy all that White Point has to offer and that while with us, you have ample time to relax and enjoy your stay. If you are in need of anything, please let us know by contacting the Front Desk by dialing '0' or simply asking any of the staff that you happen to see around property.

White Point is many things to many people. Please explore, look up, look down as you never know what you'll see around the next corner. From all of the local art that you will see in and around the Main Lodge to the Sea'spired sculptures around the property that we retained for your viewing pleasure after the conclusion of our 90th anniversary. Head to the front desk for a property map so that you can go out on your own adventure.

Now that we're in our early 90's, we are looking forward to our 100th. We would like to extend a warm welcome to everyone that has spent time with us in the past and to those staying with us for a first time. "You" are the reason that we get to celebrate all that White Point has become over the years and we couldn't be happier to call you all White Pointers! Our entire staff, including myself, are here to make your stay everything that you had hoped, and more.

I hope that you take notice of the sign on your way in because it has been very meaningful to me personally. The first time that I saw the sign it resonated with me. WELCOME Now....Relax & Enjoy. No matter the season, I continue to enjoy each and every day since having joined the White Point Beach Resort family and my hope is that you do as well.

**"It's a great day at White Point!"**

### Our Beach

It would be a shame to stay inside when you've got a vast oceanfront playground to explore. White Point is a year-round beachside playground for the whole family. A day at the beach can be whatever you want at White Point. Our shoreline is 'living' - it moves and changes with each season. Every fall as the hurricanes and storms move up from the south, it gently begins removing the sand. By mid-winter - we have very little sand and plenty of smooth granite stones and basalt exposed. In the spring, as the currents shift, our sand returns. You can watch it happen on our BeachCam on [NovaScotiaWebcams.com](http://NovaScotiaWebcams.com).

### **Kids' Zone**

This colourful area is packed with games, crafts and a television for watching movies. Follow the giggles to the lower level of the Main Lodge. (The Kids' Zone is not always supervised so please keep that in mind!)

### **Movies & Board Games**

We have a variety of popular movies and board games available in our Recreation Office in the Main Lodge on the lower level – with our compliments! Brush up on your chess by the fire!

### **Little Pointers' Playground**

While the entire Resort is a playground, we do have a real 'playground' located near the Boathouse. Watch your little ones play while you sit, relax and enjoy the incredible lake views.

### **Games Room**

Our Games Room is full of classic, honest-to-goodness fun. Play pool, ping pong, and foosball. No pressure. No programs. Just fun. Located on the lower level of the Main Lodge.

### **Pickleball Courts**

Try your hand at Pickleball, and have a blast! Pickleball is a sport that combines elements of tennis, badminton, and ping-pong using a paddle and plastic ball with holes.

### **Swimming, Surfing or Bodyboarding**

Try out your sea legs, and ride the waves! Not a surfer? Try riding a wave with a bodyboard! We have an outdoor wading pool during the summer months, and a freshwater lake, or make a splash year-round in our indoor heated pool! Overlooking the ocean, our indoor pool is family friendly with a gentle slope and 'umbrella' that rains. Warm up in our hot tub on the pool deck and sauna just off the deck. A full menu of spa services can be found at the Front Desk. Please contact the Front Desk to book your appointment.

### **Great Golf Days Await**
